SILK CULTURE IN THE SOUTH .- The Southern States are peculiarly adapted in soil and climate to the cultivation of silk. Labor is of machinery various articles of household use, the making of which, ten or twenty years ago, gave employment to the women and children of a family, are now manufactured much cheaper than they could be furnished in the old way. The result is that in a country like the South, where factories are only just coming into existence, and where there is scarcely any demand for the lower grades of unskilled feminine labor, there are thousands and tens of thousands of persons who are compelled to live in enforced idleness. The cultivation of silk would give this class of people an interesting and profit-able occupation. Scarcely any one of our numerous. We are now successfully compe-peration branch of business with France and ting this branch of business with France and England, with either of whom a quarter of a century ago the possibility of rivalry would have been deemed an absurdity .-- N. 1'.

Disease is an effect, not a cause. Its origin is within; its manifestations without. Hence, to cure the disease the cause must be removed, and in no other way can a cure ever be effected. WAR-NER'S SAFE KIDNEY AND LIVER CURE is es-tablished on just this principle. It realizes that 95 PER CENT.

of all diseases arise from deranged kidneys and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a food and restorer, and, by placing them in a healthy condition, drive disease and pain from the system. For the innumerable troubles caused by un-healty Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria, and for physical derangements generally, this

great remedy has no equal. Beware of imposters,

imitations and concoctions said to be just as good.
For Diabetes, ask for WARNER'S SAFE DIABETES CURE. For sale by all dealers.

How to Make a Good Cup of Coffee or Tea Is an every day inquiry. The great want has been for a suitable vessel in which to prepare in a state of purity and perfection these highly prized beverages. These results can only be obtained by preparing the coffee in a vessel that prevents all escape of steam or flavor, and in which the beverage is made by infusion instead of boiling. Such we offer you in the "IDEAL COFFEE POT." They are simple in construction, pretty in design, highly polished and made of the best imported tim. There is nothing to get out of order and they are reasonable in price.
